# About Us

**2007**

Established in 2007;  
one of leading inflatable  
manufactures in China

**20000**

Covering 20,000 square meters  
of modern workshop area

## Winsun's Professional Inflatable Solutions

Zhengzhou Winsun Amusement Equipment was established in 2007. It is a professional manufacturer with design, development and sales of inflatable products. Our existing products are divided into 13 series, such as Theme park, Sport games, Obstacle course, Water games, Bounce house, Inflatable tent, Inflatable slide and so on.

Winsun factory has more than 20000 square meters of production workshop with more than 20 sets advanced industry equipments, such as automatic cutting machine, hot melt welding machines, high-frequency heat sealing machines, Large inkjet pictorial machines and Laminating machines. All of our products have been approved by CE, EN71, EN14960, ROHS, Alibaba BV.

Our products have been mainly exported to America, Canada, Australia, Germany, UK, Poland, Romania, France, South Korea etc. Winsun company have won the high praise of our customers by the good quality.

Now Winsun has been relying on the advantages of the Internet, provide customized product solutions depend on Customers personalized demand. We will gradually set up offices in different regions around the world in the future, combined online with offline, and provide better and more considerate service!

Welcome to Winsun.

# Manufacturing Expertise

WINSUN factory now covers an area of 20000 square meters, with well-equipped facilities and excellent quality control throughout all stages of production.

Winsun has developed an efficient system to ensure a smooth path in designing and producing giant inflatables. Operated by some of the best technicians and artisans in the industry, our goal is to produce an inflatable to your exact specifications. All our products are built to last for years.

## Testing and Certifications

100% QC on raw materials. All incoming materials pass related tests and strict inspection to ensure high quality level, preventing any defective products from flowing into the market.

The products have passed CE, RoHS, UL and other international certifications. The company's products have EN14960:2019 certification.

## Customized Products and Solutions:

Winsun works with our customers to design the best inflatable solution for your individual needs. We customize every inflatable equipment part by part to ensure it is the optimal choice for the environment, entertainment, as well as recreation in your local area. All our products are fully customizable in terms of color and size. This allows you to choose your dream design and personalize it towards your needs!

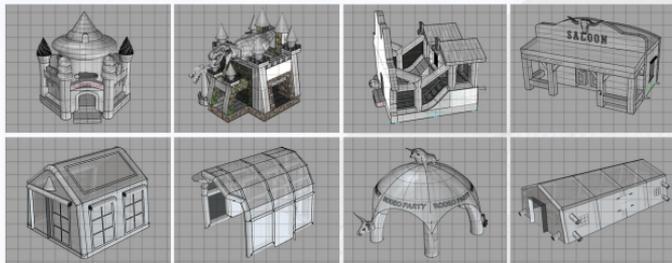

## Powerful R&D Strength

With a first-class R&D team, we invest millions of R&D funds every year to continuously develop new products and apply new technologies. Possessing sophisticated production lines and inspection equipment, providing diverse lines of inflatable products backed by expert R&D technical support.

## Our Design Capability

We have the ability to collaborate with you to design a system that is tailored to your needs and budget. To satisfy the needs of your project. Winsun's talented and experienced design staff is able to produce custom designs from any of your sketches or drawings. Please feel free to submit a rendering of anything you'd like us to produce and our sales representative will be in contact with you.

## Strict Quality Control System

Winsun maintains stringent quality processes and standards in the industry to ensure an effective Quality Management System, continual improvements, and excellence in customer satisfaction. The company holds itself to the highest quality standards that control everything from incoming raw materials to final factory production. At here, all materials are tested to ensure they meet industry standards before entering the manufacturing phase.

## Outstanding Products

We work with our engineers to make sure our products are high quality, reliable, safe and will provide years of maintenance free.

## Aftersale Services

We have a group of experts in the field of servicing all kinds of inflatable applications. All of our technicians are trained engineers that have worked in overseas large-scaled projects in the past. We know all of the amusement equipment applications throughout China and the world. Our experienced engineers offer an all-round support to the customers for taking our products and solutions into operation.
